InNegev Incubator

Backed by the Israeli Innovation Authority's Peripheral Incubators Program, **InNegev** represents an unprecedented collaboration between prominent industrial, academic, and financial institutions, which have now come together to nurture early-stage startups in Agtech, Cleantech, Foodtech, and Industry 4.0.

Partners

Our partners provide a broad, in-depth perspective of local and global markets that is invaluable to startups seeking commercial success In addition to follow-on investments.
